Thanks Susmita. I left Tim a voicemail with the update last week. Please let me know if you need any assistance this week. I'm planning to be out starting on Friday and will return on January 3 after the holidays.

Thanks, Tim. I left Brian a voicemail about my conversation with Meghan. He can fill you in on the details, but we should be able to correct the status when we file our "final briefs," i.e., with cites to the joint appendix, in mid-January.

Tim Et al,

Please find attached the documents that are going out today for your agency and public air quality review. In addition to the Draft Conformity the package contains a public-friendly summary document (English and Spanish) and a revised NEPA comparison document. These documents have been uploaded onto the Project website at: <http://www.i-70east.com/reports.html#airquality>. The agency and public review period begins today and ends January 14, so please get me a response by January 14.

Additionally, the Truck data as previously requested EPA has been uploaded to the box site, link previously provided, for your use. This weekend we will be uploading the Aermid files for your use.

If you need anything during your review or have questions, please let me know. I trust you will forward on to Thanks so much!
